

Kia ora Whaanau

A massive thank you to ALL our Whaanau and Aiga for helping their tamariki engage with online learning. It is different and requires a different rhythm or routine to be established for successful engagement. Please encourage and support your child to make the most of this time at home to get into a routine or rhythm that works for them.

One of the problems with online learning, is that there are many distractions. It is important that we encourage our students to stay safe online. The following link provides useful information on staying safe online and helping students well-being. <https://learningfromhome.govt.nz/wellbeing/covid19-wellbeing-advice>

We would also request you to encourage your child to download the following filter onto their device. This is a Ministry of Education approved filter, that will help block the worst sites on the internet. <https://switchonsafety.co.nz/> It is FREE to download.

Continue to stay safe within your bubbles, minimising outside contact, even in Level 3.
